**NOTES**

- Don’t shy away from using a lace yarn and enjoy working up a light, airy, and wearable summer poncho.
- This pattern is worked in rows until the desired length is achieved. It can easily be adjusted to different sizes by working more stitches on the first row for the width, and also crocheting additional length.

**SEAMING**

Fold the poncho in half lengthwise. With a yarn needle and yarn, seam the top edge leaving approx 1/3 of the edge open for your head to fit through. The fringle will be placed on the remaining open edges.
FRINGE

When cutting the fringe, wrap the yarn around a card or length of a cell phone and cut once to save time. To attach the fringe on the edges we will be using a larkshead knot.
