Construction

This crochet V-neck cardigan is worked from the bottom up, beginning with the ribbed hem. From there, the body is crocheted in one piece up to the underarm. The first front panel is worked, followed by the back panel, then the second front panel. Once complete, the shoulders are seamed. The sleeves are then crocheted directly onto the armholes and worked in the round toward the wrist for a wide, relaxed fit. To finish, a front trim with an integrated tie closure is worked in one continuous pass.

Construction

The Circle Leaf Crochet Summer Top is
worked in one piece seamlessly from the
top down. It begins with the neck rib-
bing, crocheted in rows and then joined
to form a circle. From there, the yoke is
worked in the round with stitch increas-
es to shape the upper body. Once the
yoke is complete, the stitches are split for
the flutter sleeves and body. The body is
then continued in the round. To finish,
an optional bottom ribbing can be added
for a more polished edge.

Construction

This garment is crocheted in sections for a clean and structured finish. We begin by working the bottom ribbing, followed by the bottom body panel. From there, the first front panel is crocheted directly onto the body, then the center back panel, and finally the second front panel. Once all body sections are complete, the shoulders are seamed. The sleeves are then crocheted top-down, shaped with gradual decreases to create a tapered fit, and finished with ribbing at the cuffs. To complete the cardigan, ribbing is added around the front opening for a polished edge.

B: Height is 8 (9.69)"

Construction

We begin at the base to create a sturdy, solid foundation that supports the bottle's weight. Once the base is complete, the pattern transitions into the beautifully textured Circle Leaf Stitch, which has some stretch. We finish with a solid band at the top for extra stability, followed by a built-in strap that makes it easy to sling over your shoulder or carry on your next adventure. It's a practical and fun project that's as stylish as it is functional!

A: 12 inches
B: 14 inches

Construction

This seamless market bag is worked in one piece from the bottom up, making it both sturdy and stylish. We start by creating a solid, reinforced base to hold everything from produce to yarn with ease. The pattern then shifts into the beautifully textured Circle Leaf Stitch, giving the body of the bag flexibility and a touch of stretch—perfect for expanding as you fill it. To finish, a solid band adds structure at the top, and two built-in handles are seamlessly worked into the design for convenience and comfort. Whether you're heading to the farmer's market or the beach, this bag is a fun, functional, and eco-friendly companion!
